

CUBA'S SUPREME COURT.

GENERAL BROOKE'S APPOINTMENTS
GIVE GENERAL SATISFACTION.CANDIDATES FOR CIVIL GOVERNOR OF HA-
VANA—BILIOUS ANTI-AMERICAN TALK
—RED CROSS WORK.

Havana, May 6.—Governor-General Brooke's Supreme Court appointments seem to have given very general satisfaction so far. They have escaped unfriendly criticism from either pro-American or anti-American sources, and when no fault is found with the Military Government's policy by the fiscal censors who control the native organs of opinion, it is safe to assume that no plausible basis of complaint exists. In its personnel the new court of final appeal is eminently conservative and respectable, and its representative character there can be no doubt. Two of the Associate Judges come from Eastern Cuba, which, until now, has had practically no share in insular administration, either legal or executive, and which is still without a voice in the Insular Cabinet or Council of Secretaries.

CANDIDATES FOR CIVIL GOVERNOR.

The nomination of Federico Mota as Fiscal of the Supreme Court leaves vacant the post of Civil Governor of Havana. There are numerous candidates for the position. Mota's former place, among them Generals Alejandro Rodriguez, Ruiz Rivera and Emilio Nunez, and Colonel Carlos Cespedes, of the Cuban Army, and Dr. Diego Tamayo, the ex-vice-president of the Military Assembly. All five of these aspirants are attached to the Gomez wing of the military party. The three Generals and Colonel Cespedes are now serving on the committee which is assisting General Gomez to disband the army. Dr. Tamayo is a civilian of distinction, who played a prominent part in organizing the Cuban insurrection, and who resigned his seat in the Assembly when that body undertook to displace Gomez as Commander-in-Chief of the Cuban forces. The next Civil Governor chosen will have jurisdiction over both Havana City and Havana Province, subject within the city lines to the military supervision of General Ludlow, and without to that of General Lee.

GENERAL LUDLOW'S VALUABLE SERVICES.

Rumors continue to reach Havana of General Ludlow's possible recall to the United States. It is an open secret that General Ludlow would welcome a transfer to Manila or elsewhere, but his services here are apparently too valuable to be dispensed with.

RELIEF WORK OF THE RED CROSS.

The relief work of the Red Cross and other American charitable organizations is to be carried on actively through the rainy season. Miss Clara Barton, who arrived here yesterday, has made plans for the establishment of a system of children's hospitals in the chief towns of the island. Six trained nurses came with Miss Barton from Miami, and five more are to follow. Miss Barton wishes to relieve the military hospitals as far as practicable of the care of minor children, and her nurses are all experts in the treatment of diseases incident to youth. A special shipment of Red Cross hospital supplies is expected next week.

Miss Laura D. Gill, of Northampton, Mass., is in Cuba on a somewhat similar philanthropic mission. She represents a society organized by Bishop Doane, of Albany, Cleveland Dodge, of New York City, General Francis V. Greene and others, which is planning to open a number of orphan asylums, in which a practical American education can be given to Cuban boys and girls. There is a vast field here for educational work of this sort, and no form of American missionary effort will produce more lasting and more beneficial results.

AN ANTI-AMERICAN EDITOR.

These and other steps toward Americanization in Cuba are likely to grate on the prejudices of the native politicians, whose present rallying cry is "Cuba for the Cubans." "La Discusion," a revolutionary newspaper, whose editor was one of the orators at the anti-Gomez dinner at the Inglaterra Hotel last Thursday, has just published a bitter article under the title "Intervention or Absorption?" in which it laments the many innovations the Americans have already made in the Cuban social and political order. "In our social and private life," it complains, "we are threatened with the extinction of everything that is Spanish or Cuban." "La Discusion" especially deprecates the necessity for using English in the transaction of official business. On this point its complaint has much foundation, for the American civil and military authorities have so far failed to enforce as a test of fitness for holding office at least a passable acquaintance with the Spanish tongue. Were such a test to be applied in the Cuban departments business would be immensely facilitated and a far friendlier feeling toward American office-holders would prevail.

GENERAL SANGER COMING HOME.

General Sanger, General Wilson's chief of staff in the Matanzas-Santa Clara Department, called on General Brooke to-day to say goodbye before returning to the United States. General Sanger will sail from Matanzas on May 10.

PAYMENT TO THE CUBAN ARMY.

Payment to the Cuban Army of the \$3,000,000 fund now on the Burnside will probably be begun on Monday next.

CUSTOMS COLLECTIONS IN CUBA.

Washington, May 6.—Reports received by Acting Secretary McLaughlin show the average weekly collections in Cuba for the last five weeks to be \$282,621. The collections at the Havana customs for the week ending April 29 of \$24,333 exceeded for the first time those of any previous week by \$2,523, and are only \$20,533 less than the weekly average for the whole island for the five weeks named.

DISCHARGED SOLDIERS FROM HAVANA.

The Ward Line steamer Vigilante, Captain Reynolds, from Mexican ports, via Havana, May 2, arrived at Quarantine yesterday afternoon. She brought sixty-six passengers from Mexican ports and thirty-six cabin passengers and 600 discharged soldiers from Havana. The soldiers were transferred to Hoffman Island, and also the Havana Cuban passengers, who were not provided with certificates of vaccination.

GENERAL GREENWOOD RETURNS.

Among the passengers who arrived yesterday on the steamer Santiago from Southern Cuban ports was General A. G. Greenwood and Captain R. B. Ryan.

ATTEMPTS TO BURN MANILA.

Washington, May 6.—The Adjutant-General is in receipt of a private letter, dated March 21, from General Otis, in which he remarks:

The insurgents fight with fire more than anything else, and their repeated attempts to burn up Manila have only been frustrated by the constant efforts of the Provost-Marshal and his guards.

Everybody here is comparatively happy. The best of feeling prevails among the troops; no quarrels, no bickering, but all work cheerfully to secure what the Government desires.

OPENING OF THE SANDY HOOK ROUTE.

The steamer "Mammoth" will begin running May 3, leaving New York at 10:00 A. M. and 4:30 P. M. for Atlantic Highlands, Seaforth, Monmouth Beach, Long Branch, etc., arriving New York, 9:30 A. M. and 3:30 P. M. Beginning May 6, Central Railroad of New Jersey, All Rail train, leaving New York, Liberty Street, at 1:30 P. M. South Ferry, 2:00 P. M., will run through to Long Branch and Point Pleasant.—Adv.

LAWTON PUSHES FORWARD.

TWO THOUSAND INTRENCHED REBELS
EASILY ROUTED—MACARTHUR AT
SAN FERNANDO.

Manila, May 6, 4:15 p. m.—Major-General Lawton's column advanced to a position two and a half miles north of Baling to-day. Before making a forward movement General Lawton sent back to Manila two wounded men of the Minnesota Regiment and one of the Oregonians, who were hurt in yesterday's fight, besides twenty sick men. They were sent by way of Malolos.

General Lawton's advance was met with only slight opposition. Outside of Masin two thousand rebels who occupied an intrenched position were routed in short order.

Many corpses of rebels have been discovered in the river at San Tomas. Scores of rifles and other arms have been recovered from the river, into which they were thrown by the retreating rebels.

Major-General MacArthur's division is resting at San Fernando, making in the mean time extensive reconnaissances.

INSURRECTION ABOUT TO END.

THAT IS THE CONFIDENT EXPECTATION OF
OFFICIALS IN WASHINGTON.

Washington, May 6.—The officials of the State and War departments are looking for a speedy collapse of the insurrection in the Philippines. Not only is this expectation based on private advice from the Philippine Commission as to the negotiations with the insurgent representatives, but also on the successful development of MacArthur's and Lawton's campaigns. The Commission's reports indicate that the insurgents have at last recognized the inevitable breaking of their struggle, and are simply striving, by protracting their resistance, to secure the most liberal terms possible in the event of a government. They have not in any diplomatic sense acknowledged the sovereignty of the United States, but have recognized the physical domination of the American military forces, and while they have talked more or less of independence, even at the last moment it is not doubted that they will readily accept any proposition looking to a protectorate. The President's instructions, however, are clear on this point, and the Commission understands that it is to make no promises that will deprive Congress of a free hand in disposing of the future of the Philippines.

FILIPINOS LOOKING FOR OFFICES.

It is believed that the purpose of the Filipinos is to make sure that whatever form of government is adopted will afford lucrative and influential places for the many ambitious leaders. The Administration sees nothing in this aspiration irreconcilable with a firm government over the islands by the United States, the opportunity for the Filipinos being found in the liberal provisions for the future of the provincial native government. United States officials properly distributed throughout the islands in supervisory capacities, charged to interfere as little as possible with local affairs so long as the result is the maintenance of order and the effective maintenance of sovereignty over the island, while meeting the native aspirations for home rule. The Philippine Commission has been instructed on these points, and President Schurman especially is sanguine of the Commission's ability to secure the acceptance of these conditions by the insurgents.

PROGRESS OF THE CAMPAIGN.

Aside from the encouragement conveyed by the progress of the peace negotiations, the officials find a bright promise in the rapid development of the military campaign. The press reports announcing that Lawton is meeting with slight resistance in his movement toward the mountains, and that the insurgents are doing their best to prevent him, are very important still, that they are casting away their arms, are facts tending to indicate the approach of the end. The throwing away of the arms is said by naval officers to be the result of the Navy's policy of not allowing the use of ammunition by the insurgents. Without ammunition there would be no inducement to carry the weapons. Army officers say that it is their lack of ammunition or a breaking down of their courage that has led the Filipinos to abandon their rifles.

Moving northward from Baling, Lawton is apparently converging with his forces upon Mount Arayat, distant about thirty miles from the point at the head of the Rio Grande, where Otis point at the head of the Rio Grande, where Otis predicted that the insurgents would make their last stand. With MacArthur moving northward from San Fernando, the two columns should meet before this last insurrection stronghold, and in the ordinary opposition, so that even if diplomacy fails, there is hope of the collapse of the rebellion from purely military reasons within a week or ten days.
